

Warning: Overhead and submarine cables and pipes cross these waterways at various locations and are usually indicated by warning notices on the shore. Caution should be exercised at all times while navigating in the vicinity of these crossings.

Note: Stony and L.T. Creeks are 4 knot zones.

Note: Bridge clearance heights shown in RED are in metres above mean high water.

Caution: Depth contours have been compiled from information provided by the Public Works Dept. and are indicative only. They can change over time.
